**Achieving Your Site Goals Begins With
Expert Engineering, Surveying and Planning.**

Since its inception, CADMAX CONSULTANCY (P) LTD Company has progressed into a fully automated Engineering, surveying and planning firm utilizing modern technology in electronic data collecting, computer aided drafting and Global Positioning Systems (GPS). This, combined with its experienced personnel, has enabled the company to complete Major of engineering, surveying and planning for over a thousand different clients in an efficient and professional manner.

Company Overview

CADMAX CONSULTACY P LTD. is a privately held company founded as a local investment in the year 2005, and registered under the *ministry of micro small & medium enterprises*.

Our company is headquartered in the capital of Rajasthan state jaipur city. We are engaged in the trade of providing a comprehensive range of land surveying services, using traditional techniques and modern technologies to produce well-presented and accurate data.

Pinkcity Survey services consists of a well-experienced team of registered surveyors and a professional management team. Our team has the technical expertise, equipment and the technology to deliver the best solutions to our clients; and to our clients' our company is known to be reliable, delivers projects on time and within a agreed budget, and adheres to the highest ethical industry standards.

MISSION STATEMENT

Our company roadmap begins with our mission, which is dynamic and enduring. It declares our purpose and serves as the principle against which we weigh our actions and decisions. *It is to host "Survey" oriented services and products In India that offers the latest in the market.*

We are committed to providing our clients Latest and modern technologies. Our aim is to complete every project to its finest standards within the agreed timeframe by both parties. In Deliverance of our services, we also endeavor to give a prospective contribution to the surveying field in India by investing in the latest technologies, and training our employees accordingly.

OUR VISION

Our vision serves as the framework for our roadmap and guides every aspect of our business by defining what we need to accomplish in order to continue achieving sustainable and quality growth. We are determined to be the preferred surveying and survey consultancy service provider in the country.

We are determined to be the preferred Surveying and Survey Consultancy service

provider in the India. We will provide experienced consultation and quality assured products with a focus on all staff members continuing to advance professional qualifications and skill sets.

OUR CORPORATE PHILOSOPHY

Our philosophy is simple. We will:

. Provide our services that are the very best available in the market and will never compromise on service standards on any circumstances;

Deliver a level of service that exceeds our clients' expectations;

Develop and embrace new technologies and techniques to the advantage of our clients and our business;

Ensure the company's services conserve the integrity of the environment;

Educate & train the youth interested in this growing field, thereby contributing to the community-at-large.

Our Team

At CADMAX CONSULTACY P LTD. we have more than 50+ professional and dedicated team of Engineers, Surveyors, Draftsmen, Survey Technicians and Office staff that have a combined experience of over 13 years in the industry across India. Our expertise allows us to offer a range of small and large scale services. We encourage our team to take pride in their work and in providing exceptional solutions to our clients.

EMPLOYEE TRAINING & DEVELOPMENT

Employee training and development is essential for both new and existing businesses. In order for an employee to perform their job well, it is important for us to give them the training and tools they need to be responsible productive team members. At CADMAX CONSULTACY P LTD. we conduct workshops & on-site training programs for all our employees. Our company also attends conferences and seminars to keep our employees up-to-date in new techniques and technologies in their respective field of work.

Our Technology

Mobile LiDAR

The Leica Pegasus: Two mobile mapping solutions uses one or several laser scanners in combination with GNSS receivers, IMU and a DMI. Acquire accurate and precise spatial data with six to eight cameras on any vehicle.

The multi-sensor approach allows you to:

- Increase your ROI by collecting more data in one pass
- Create new revenue streams by using one platform for multiple applications
- Decrease your time in the field by 40 – 60 per cent

3D scanner

The Leica Scan Station P16 features an intuitive and user-friendly touch screen interface. The one-touch scan button and wizard style software guarantee an easy workflow and enable a fast data check in the field. Combined with WLAN remote control, the Leica Scan Station P16 can be operated by any handheld device.

Ground penetrating Radar

There's a lot going on underground that you need to know about before you ever start to dig. The Leica DS2000 Utility Detection Radar finds all potential threats, including non-conductive pipes and fiber optics, increasing safety by lowering the risk of accidentally hitting underground assets. Increase safety, speed up work and lower asset management costs with the ability to prevent hazardous outages and collect more information. The DS2000 betters your business by making it safer, faster and more efficient.

DGNSS/GPS

The Leica Viva GS14 is a compact and powerful GNSS smart antenna, suited for any measuring task with integrated mobile communications and UHF modem. The Leica Viva GS14 is easy-to-use with its convenient and integrated design. This smart antenna is our all-around GNSS instrument for professional reliability when you need the most demanding accuracy. The Viva GS14 is designed to perform wherever, whenever we need.

Electronic total stations

The Leica Flex Line TS09plus is the flagship total station from the Flex Line series. The wide variety of functions on this total station provides ultimate convenience for mid- to high-accuracy measurement tasks. Quality, precision & reliability Flex Line plus total stations are built to the highest Swiss Technology quality standards. Users benefit from high precision and reliable instruments in order to fulfill their tasks with the requested accuracy within one second.

Digital Auto levels

Leica LS15 digital levels alleviate demanding levelling tasks on any site. Automated functions and industry-leading 0.2mm accuracy allow users to easily demonstrate their measuring skills while effectively completing any project. From autofocus to touch screen displays with clean layouts, the entire measurement process is made more efficient with LS15 and LS10 digital levels. Common levelling errors, like misreading the staff or transcription mistakes, are worries of the past. Providing the most reliable results from immediately understandable line flows with image-supported color visuals, these levelling solutions make the professional's daily tasks a more enjoyable experience.

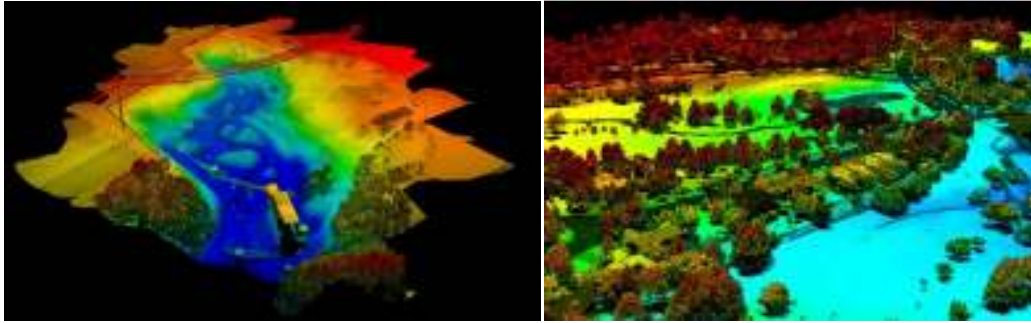

Software's

We also utilize a range of quality licensed software products and databases including CAD software (Civil3D, Autodesk 2016), Land development, ARC GIS, Leica Geo systems LGO, Auto plotter, Sole, and many more professional title software's as per our quality working and to locate information and produce quality plans in a range of formats for clients.

Our services

1. Mobile LiDAR Survey and Mapping

Mobile Mapping Survey has applicability in many industries such as:

- Roads and Highways(with expert partners)
- Railways
- Telecom
- Power
- Irrigation
- City Modeling and Urban Planning

2. Aerial LiDAR Scanning and Mapping

-
- Aerial LiDAR acquisition (with expert partners)
 - Classification of Bare Earth and above ground features – vegetation, buildings, bridges
 - Power line classification including sag analysis
 - Hydro enforcement
 - 3D Feature extraction
 - 3D modeling
 - Contour generation
 - DSM, DEM, Intensity image

3. **Ground penetrating Radar survey** (with expert partners)

Ground Penetrating Radar, also known as GPR, Geo radar, Subsurface Interface Radar, Geo probing Radar, is a totally non-destructive technique to produce a cross section profile of subsurface without any drilling, trenching or ground disturbances. Ground penetrating radar (GPR) profiles are used for evaluating the location and depth of buried objects and to investigate the presence and continuity of natural subsurface conditions and features.

4. DGNSS/DGPS Survey

- GPS Control Survey
 - Primary control networks
 - Setting-out
 - Static and real-time kinematic observation
 - Fixing Survey control stations
 - Primary station mark (PSM)
-
- Geo referencing survey

5. GIS

GIS & Remote sensing study

Land base creation

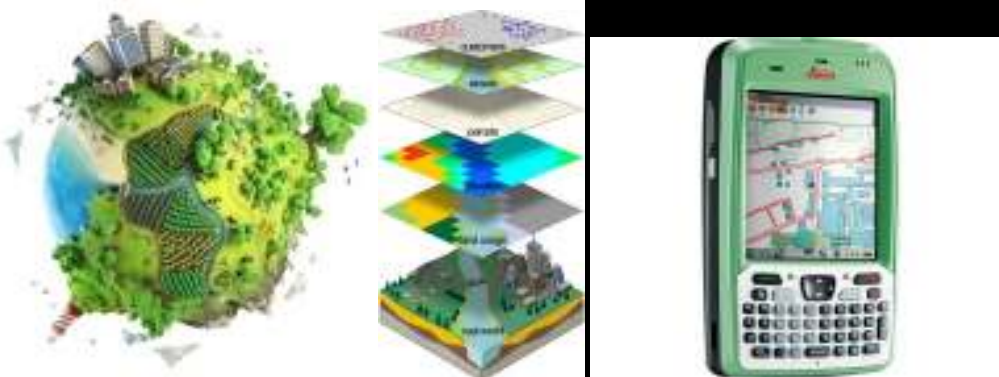

Land Use and Land Cover Classification

Orthorectification

Image Classification

Data Management

Data Conversion

5.Engineering survey

- N.H. Roads and Bridges Survey
- Plan, Profile and Cross-Section Survey
- Leveling and Alignment Survey
- Topographic Survey
- Structural / Facilities / Utilities Survey
- Rail track survey
- Irrigation Canal Survey
- Transmission line survey
- Water supply survey
- Traverse survey

6. Traditional Land Survey

- Boundary Survey
- Subdivision Survey
- Consolidation Survey
- Original / Re-Survey
- Verification Survey
- Site Development Survey

7.Construction Survey

- Vertical Construction Monitoring Survey (Buildings, Towers, etc.)
- Horizontal Construction Monitoring Survey (Roads, Bridges, Drainage etc.)
- Dam Site monitoring Survey
- Structural Footprint Lay-out
- Borehole/Test Pit Location Survey
- Line and Grade Survey
- Route Alignment Survey

Our Experience:-

(Included our sister concern M/S Pink City Survey Services.)

The Cadmax Consultancy team has a diverse resume that includes projects and exposure to a wide range of clients in varying sectors. You will find we are well-versed in surveying, mapping, land development, power related support and construction layout.

Transportation sector

(Railway/Expressway/Highway/State highway)

More than 1500.0 KM.

Clients :- DFCC, JMREC,NHAI,PWD, L&T ECC,CEG LTD.,TATA Projects, Feedback Infra, Sadhbhav Infra,Mukesh&Associates, LN malviya infra, BLG Ltd , Armenge Engineering ltd, HG infra, Gifford India GR Infra Etc.

1. Detail Engineering and Final Location survey
Under DFCC Eastern Corridor for CEG Ltd. Total Length of project 110.0 Km
2. Detail engineering survey for route up gradation
Anand- Godhara section for B.L.G Ltd length of project 80.0 KM.
3. Land detail topographical survey
For Jaipur metro at jaipur city (Raj.).
4. Detail Topographical survey for Construction of Highway
From Bullandshahr to Anoopshahar (UP) for TECPL total length of project 36.0 KM.
5. Detail Topographical survey for Construction of Express Way
Kim to Ankleswar (GUJ) for CEG Ltd. total length of project 26.0 KM.
6. Detail survey for Sixlaning and Strengthening of New NH-248A HR.
From Bhondsi to Sohna for HG Infra Ltd total Length of project 20.0 KM.
7. Detail Engineering Survey for development and up gradation of SH -6I, RAJ.
From Jodhpur Jojawar For HG Infra Ltd total length of project 120.0 KM.
8. Detail Topographical survey for Consultancy services - SH-27 MP.
Ujjain to Jhalawar for Armenge engineering ltd Length of project 185.0 KM
9. Detail Engineering survey for rehabilitation& up gradation NH 752B,C
Baiora-Maksudhgarh,Asahta-Sujalpur road for RSB Infra length of total length of project 85.0 Km.

10. Detail Engineering survey for Six laning of NH-76.

Chittorgarh to Udaipur For Gefford India Ltd total length of project -49 KM.

11. Detail engineering survey for consultancy of Bharatmala project.

Munabao to Majlar for Bamni to Deveda MS Border SH-264 Mukesh & Associate length of project 222.00 KM

12. Sawai Madhopur Rajasthan to Paligha/Lakheri to Bijoliya & Indergarh.(Malviye infratech.) 110.0 KM.

13. Detail topographical survey for Jaipur Ring Road south Corridor

14. Jaipur Ring Road Agra road to Ajmer road for Tata Project Ltd length of project 47.0 KM.

Water & Influence sector

(Water supply/sewerage systems/STP/Pump hose)

More than 1000.0 KM

Client:- Larsen & Toubro, ILLFS Ltd, PHED, Infra vision, Creative computers, Gokul kripa Group, Tata Projects, Ramkey Ltd.

1. Detail Topographical city survey for AMRUT Yojna.

Gangapur and Hindoun city For L&T ECC, Jaipur division.

Area 1200.0 Hectare.

2. Water pipe line route detail survey and centre line marking work.

NC-34 Project at Gujarat for L&T ECC Division

From Rajkot to Nawagam, Bhavnagar to Una and Rajkot to Goma Dame total length of project 425.0 KM.

3. Pipe line as built detail survey for Barmer Lift water supply project Rajasthan.

Mohangarh to Jaisalmer road for L&T ECC total length of project 75.0KM.

4. Detail city survey for water supply and sewerage System project.

Three city Suopal, Areria and madhepura in Bihar For Infra Vision ltd.

Total length of project more than 380 KM.

5. Detail city survey for water supply and sewerage System project.

Dholpur,Ramgarh,Vijanagar,Udaipur For Malvika Technical Services

Total area more than 1500.0 Hect.

Power Energy sector

(Hydro/Solar/Thermal/Wind)

More than 5000 HEc.

Client: - L&T Power, Adani Power, Suzlon , RVVNL, Jyoti Structure , Jindal Power.

1. Detail topographical route survey for Power line.
Mundra to Mahendragarh in Bhinmal Section for Adani Power ltd.
Total length of project 96.0 KM.
2. Detail engineering route survey for HT line.
Jaipur metro project for L&T ECC division total length of project 17.0 KM.
3. Detail topographical survey of gas pipe line route.
phagi to mohanpura Indian oil depot at jaipur for Indian oil.
4. Existing GSS detail topographical survey.
Many location in all Rajasthan for L&T ECC Division.
5. Topographical survey for proposed Solar Park.
Saharanpur (UP) for Rays Power Ltd.
6. Detail Topographical survey work for upcoming solid waste power project.
Jaipur and Jodhpur (RAJ) for Jindal Power ltd.

Irrigation Sector

(Canal/River front/Dam)

More than 110 KM and 5000 Hectare.

Client :- Tata Projects, SUGG, WRED, Wapcos Ltd, EcoFirst.

1. Darvywati river rejuvenation project Jaipur.

Ch-0.0 KM to Ch-47.5 KM for TPL-SUCG consortium.

110.0 Km (Included Out fall Location survey)

2. Darvywati River catchment area detail topographical survey work.

Both side 500.0m.from Ch-0.0 to Ch-47.5 KM for TPL-SUCG consortium.

Total surveyed area 4700.00 hectare .

3. Dam detail engineering survey for Darvywati river rejuvenation project.

Majar Dam, Ambabari Dam, Gulaar Dam,Ramchandrapura Dam.

For TPL-SUCG consortium.

4. Cadastral Survey for Darvywati River project area.

From Ch- 0.00 to Ch-47.0 K.M for TPL-SUCG consortium.

Master Planning /Urban Planning

(Urban/Township/Row Housing development planning/sector /Zonal planning)

More than 2000.0 Hectare.

Client :- Vatika Group, mahima realestate,Ashiyana housing ltd.,Manglam Group, EmarrMGF Group, FS realty, Narayan Group, Shreeram group, Golcha Group, KGK group, Jaipur Development Authority.

1. Detail urban area survey for master planning.

10 city of Rajsthan state included Khetri,Kuchaman,Badod,Thanaganji,Alwer for Nitya Urban Scape. And 8 City Napasar ,Jasrasar,Kumher,Bikaner Etc for Vikash Jain Associates. And 6 town for PN Bhargva associates. Area of all works 2000.00 hectare.

2. Detail survey and Cadastral survey work.

For Sonipat municipal area for UIT sonipat (HR)

3. Detail survey and Cadastral Survey for Sector Planning.

Jaipur region for Jaipur Development Authority (JDA).

Area more than 3000.00 Hectare.

4. Detail survey and Cadastral Survey for Township Planning.

Ajmer Road area For Vatika Ltd. area more than 1500.00 Hectare.

5. Detail survey and Cadastral Survey for Township Planning.

More than 500 townships Many Jaipur and Delhi based Land developers total surveyed area more than 2000.00 Hectare.

6. City survey And cadastral survey of forest land.

Bundi Distric RAJ. For Nagar Parishad Bundi area more than 200 hectare.

Engineering services management

More than 1500 Hectare.

Client: - *IL&FS Environmental Infrastructure, JITF Ecopolis, Nagar nigam jaipur.*

Engineering Designing

(Complete Services designing for development more than 250.0 hectare.)

1. Padam Vatika

(Location at Tonk road jaipur, client shree ram group, area more than 10.0 Hect.)

2. Moti sons township

(Location at Ajmer road, jaipur, client Moti Son's Jewelers area 10.0 Hect.)

3. Balaji Ind. Park

(Location at RIICO Ind. Area Bagru, Jaipur, Client RK Kedia Group area more than 10.0 Hect.)

4. Manglam Ind. Estate

(Location at Jetpura, Sikar road, jaipur, Mangalam group area 12.0 Hect.)

5. Kedia Capital, Kedia Kingdom, Kedia corridor

(Location at Vatika Town Tonk road, jaipur, Client Kedia Homes Group.)

5. Gokul Enclave ,Gokul Royal Aangan ,Gokul Residency

(Location Ajmer Road, jaipur ,Client Gokul Kripa Colonizers Ltd. area more than 40.0 Hect.)

6. Shayam Sarovar

(Location at Naiwala village, Ajmer road, jaipur client Shree Shayam Group area more than 11 hect.)

7. RR Homes

(Location at Kalwar road, Jaipur Client RR Home Group area 8.0 hect.)

8. Kuchaman Valley

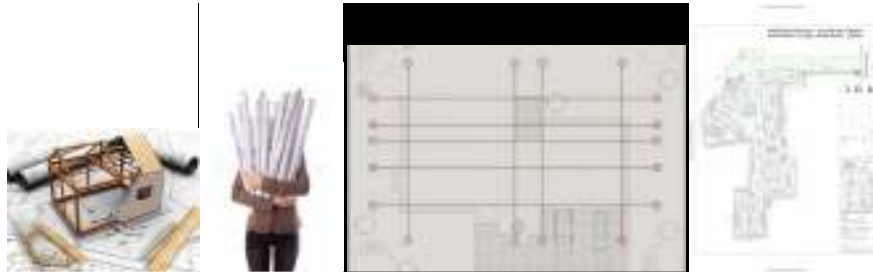

(Location At main road Kuchaman City, Naugour, Client RKM Group Area more than 20.0 Hect.)

Building construction survey

(Layout /Grid /Column/Level marking)

More than 400 projects (included group housing/commercial/row housing/industrial/residential townships/SEZ Development.

Client: Mahindra world city, Vatika Group, Ashiyana housing Ltd., Manglam Group, EmarrMGF Group, mahima group, FS realty, Narayan Group, Shreeram group, Golcha Group, KGK group, Jaipur Development Authority.

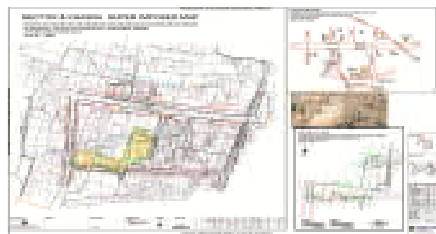

Submission survey

(For land use conversion/Map Approvals/ Government NOC/Licenses Survey)

More than 1000 projects

(Included group housing/commercial/row housing/industrial/residential townships/SEZ Development)

Client: Mahindra world city, Vatika Group, Ashiyana housing Ltd., Manglam Group, EmarrMGF Group, mahima group, FS realty, Narayan Group, Shreeram group, Golcha Group, KGK group, many more jaipur Based Land developers.

(Traditional survey, construction survey)

More than 500 projects

Included of Jaipur top most Builders, industrialist, Institutions, Farmers and land developers sites property surveys, submission surveys and layout marking work area more than 1000.00 hectare.

URBAN Planning

(All type land use planning)

More than 2000.00 hectare

Included of Jaipur /Delhi based top most Builders, industrialist, Institutions and land developers sites residential Township planning, Row housing Planning, Group housing scheme planning, Industrial township planning and mix used planning. Municipal submission planning as per concern authority rule or byelaws.

Our major projects:-

1. Gulmohar Gardens (Residential Township)

Location Village Bahatawala, Tonk road, Jaipur area 15.0 hectare.

Developers : Ashiyana housing Ltd.

2. Padam vatika (Residential/Group housing township)

Location village Vatika tonk road, jaipur area 13.0 hectare.

Developers: - Shree Ram Group.

3. Grand city (Residential township)

Location Mahapura, Ajmer road, jaipur area 20.0 hectare.

Client: Manglam build developers Ltd.

4. Kedia corridor ,Kedia kingdom , Kedia Capital (Residential Townships)

Vatika Village Tonk road, jaipur area more than 30.0 hectare.

Developers: - Kedia Homes Group.

5. Balaji greens, Balaji greens-II, Ganpati greens.(Residential Townships)

Location at different palaces in Jaipur region area more than 30.0 hect.

Developers: - RK Kedia Group.

6. Vaishali estate , Shri Krishna Van ,Manglam Balaji city,Kanak vihar, Airport city, Manglam Angan, Manglam Arpan, Manglam Annda etc.

Location at different palaces in Jaipur region area more than 100.0 hectare.

Developers: - Manglam Group.

7. Gokul Enclave, Gokul Vihar, Gokul aangan, Gokul Royal Aangan,Gokul Residency, Gokul greencity, Royan aangan, Gokul drem city.

Location at different palaces in Jaipur region area more than 100.0 hectare.

Developers: - Gokul Kripa Land developers ltd.

8. Solitear Industrial park (Industrial township)

RIICO Ind. Area Bagru, ajmer road area more than 40.0 hectare.

Developers: - KGK group.

9. Manglam Ind. Park/Manglam Ind. Estate/Manglam Ind. Avenue

Different location at Jaipur city area more than 50.0 hectare.

Developers :- Manglam Build Developers ltd.

10. Balaji Ind. Park (Industrial township)

RIICO Ind. Area Bagru, ajmer road area more than 10.0 hectare.

Developers: - RK Kedia Land developers.

11. Ratan Industrial Park,m/s-Ratanawali Land Developers (Industrial Township), Location- Diggi Road, Jaipur

Subject: - Social Data Collection for Proposed Airport at Bhiwadi, Rajasthan –Clarifications
Ref: - No .RITES/UE/BHIWADI/SOCIAL/RT610-00027/2017,dated:19/05/2017

Dear Sir,

The following are the clarifications to be considered while submitting the quotations for the subject work.

Project background in Annexure –I:-

- Sample social survey will have to cover 25% of 1500 households in 12 villages.

Scope of work in Annexure –I:-

3) On GIS platform join khasra maps, village maps and superimpose on project drawing. RITES shall provide soft copy of project drawing on CAD. The GIS Attributes will be the village name and khasra Number

Terms and conditions in Annexure – IV:-

5) The applicant will be paid at the quoted rates up to a variation of +/- 50% of contracted quantity. Payment for differential quantity in case of variation beyond +/- 50% will be based on rates negotiated between RITES and successful bidder. The variation is +/-50% of 1500 Household i.e. from 750 households to 2250 households.

All other contents of the invitation of quotations sent vide letter under reference remain unchanged.

Thanking You

Yours faithfully
